International Webcast

LaRouche Presents Strategy for Peace, Recovery in Post-Cheney Era

The political leader who sparked the current offensive against Vice President for Torture Dick Cheney, Lyndon LaRouche, took to the podium on Nov. 17, 2005, to address an international webcast in Washington, D.C. on the tasks of the post-Cheney era.

“There is no option but to get rid of Cheney, get him out, get his apparatus out,” LaRouche declared. “Your freedom depends upon it. The country depends upon it.”

The bulk of LaRouche’s presentation to the standing-room-only audience, which included a contingent of unionists from the United Auto Workers, centered on the question of the economy; most importantly, how we are going to stabilize the world when it’s about to go totally bankrupt.

LaRouche began by discussing how the U.S., the only nation which is capable of initiating a recovery for any part of the world, has been destroyed economically. This was not a mistake, LaRouche emphasized: “It was a crime.”

As the Bretton Woods system was dismantled, the international financier interests took over. We have been globalized, LaRouche said, until we now have a “virtual system of world government, under the power of these bankrupt institutions, these financial institutions, which control the world.”

“The intention has been to eliminate the sovereign nation-state. To eliminate production as a power of economies. To globalize everything.”

“The policy was to destroy us! Not because we were that good. We

were never quite that good. We had some pretty bad Presidents, you know, and some pretty rotten people here and there, and some rotten practices. But the character of our nation, the conception of our nation as a state, was a product of the best thinking of all European civilization. People from Europe built up

this United States of ours, because they wanted a bastion, which would become a model, for them, would set a precedent, for them, to secure the same kind of freedom we had, the same kind of system we represented.

“Those who represent this idea of financial empire, or a worldwide services economy, which is the same thing as slavery, have been determined to destroy this United States, by one way or the other. If they couldn’t take us on by direct attack, they would corrupt us from inside. And the great destruction of the United States has come from the inside, not from external enemies! We couldn’t be defeated by any external enemy, unless we destroyed ourselves, inside, first. And

Berlin Seminars

• Iran Crisis: ‘Global War Must Be Stopped!’

On March 2, Lyndon LaRouche and his wife Helga Zepp LaRouche, founder of the international Schiller Institute and head of Germany’s BüSo Party, were the featured speakers at an invitation-only seminar in Berlin, on “The Iran Crisis: The Danger of a Global Asymmetric War Must Be Stopped.”

Conference participants, about 100 of them, included Arab, Asian, and African representatives; former German officials; former deputies from Parliament; scientists; and LaRouche Youth Movement members. The seminar also heard from former German military attaché to Baghdad Col. (ret.) Juergen Huebschen, Prof. Cliff Kiracofe from the Virginia Military Institute, and, via a written speech, Prof. Mohammed el-Sayed Selim of Egypt.

Keynoting the event, LaRouche underscored the nature of the world crisis: The “world monetary-financial system, as it took shape especially during the latter part of the 1960’s, and especially in the course of the 1970’s, is now doomed.” The biggest problem, LaRouche contin-

ued, is the impact on the ability to create credit. “If you try to create credit by private banking, you’re going to fail. That’s how fascism came easily to Europe” in the 1920’s and 1930’s.

But in the United States, he stressed, “the advantage was, we have the American System, *not* the European system. The American System is based on *state*

credit, not a monetary system. European systems are regulated by monetary systems, which means that financier interests in the Venetian tradition, essentially more or less control governments—directly or indirectly. Private banking groups, as predators, often control governments. . . . They’re going in, gob-

• Support Dems’ Call for NASA-Style Policy

A revolutionary turning point has occurred in the United States, Lyndon LaRouche told a private seminar on Dec. 6, 2005 in Berlin, Germany. LaRouche was referring to the December 2 speech made by Rep. Nancy Pelosi (D-Calif) at Harvard University, which put forward a NASA-style policy approach for the economic revival of the United States, on behalf of the Congressional Democratic Party leadership. Either the mission implicit in this announcement is carried out in the immediate weeks ahead, LaRouche said, or “I’m afraid the world has no chance.”

‘Tennis Court Oath’

to define an economic policy approach, as comparable to the “Tennis Court Oath” organized by pro-American French revolutionaries Jean-Sylvain

Bailly and the Marquis de Lafayette on June 20, 1789.

Pelosi’s speech was a statement of

LaRouche to Senate: Show Guts To Keep Fascist Alito Off Court!

LYM organizers carry LaRouche's message to the streets, San Francisco, January 2006.

Democratic Party statesman Lyndon LaRouche began his international webcast address to an overflow crowd of more than 250 people in Washington, D.C. on Jan. 11, by observing: "These are grim times. We have presently going on, in the Senate, a hearing of a man who *lies*: Sam Alito. . . . He's a member of the Federalist Society, which is a society assembled around the ideas and influence of a man, Carl Schmitt, who crafted the *Adolf Hitler administration*."

"I see strong men—men and women I've regarded as strong men, in the Senate—*flinching!* When the issue is: Are

you willing to defend this nation from a takeover by Nazism?

"The issue is not opinion. *The issue is Hitler!*

The Issue Is Fascism

The membership of four current members of the Supreme Court in the Federalist Society poses a grave danger to the nation, LaRouche warned. "There's no question, the Federalist Society is a pro-Nazi society. Justice Scalia is already a member of that. Other members of the Supreme Court are members of that. . . . And this Alito, is a *lying* part of it: he is a

Post-Cheney Era

that's been the case for the United States ever since Lincoln's victory over the Confederacy, and getting rid of Maximilian in Mexico. And that's the problem we have to understand."

Our job now, LaRouche continued, is to reverse this process, to return to the historic mission of the United States,

typified by the American-style protectionist system which went into effect around Lincoln. We need to protect labor, to invest in infrastructure, to use state credit to rebuild the world economy. The model is what was done by Franklin Delano Roosevelt, but this time it has to include not only the Americas and Europe, but the entire world.

supporter. He joined the Federalist Society, which is a society of the *Hitler tradition!* . . . He *joined* the Federalist Society! Which is equivalent to Nazi society. It's like having a Nazi Party card. The issue is not his opinion on law—*that's* the issue!"

Where does the Federalist Society come from? Like the Nazi Party, it was created as an instrument of power, "by people who opposed what we consider our form of government. Europe, at that time, was dominated by a financier cabal—like today, Felix Rohatyn, an American immigrant, who was one of the people who put Pinochet into power in Chile. Pinochet is a Nazi. These guys, with Pinochet, and with the support of Henry Kissinger, ran Operation Condor, which was a death-squad operation across the southern part of South America! . . .

"So, this is the enemy! The enemy is a financier group which does not believe in a republic, which believes that private banking syndicates, which create and control money, should enslave the entire human population *to the will* of this banking group. They believe, as Felix Rohatyn has said—and has threatened me, personally, on this account!—he's said, 'The world must now be run by syndicates of bankers, which are more powerful, and must remain more powerful than governments.' Governments, if they were allowed to exist on this planet in the period of globalization, will be errand-boys for financial syndicates which are more powerful than governments. And they intend to keep them that way.

"They intend to destroy us—for this purpose! . . .

"This is *grim*: The idea that a Nazi takeover of the United States, or followers of the Nazis taking over the United States *now*, is the *fight in the Senate, right now!*—is grim."

Therefore, LaRouche concluded, "We have to recognize, it's going to take guts. Guts, number one, to make sure that we find enough Senators to make sure that Sam Alito is not confirmed. *No Hitler in the United States.*"

The two-hour discussion period following LaRouche's remarks was dominated by questions from the Senate and House of Representatives.
